

THE HAPPY VALLEY SCHOOL

Academic Planner Grade I, II & III

2021-2022

N.R.Baldota Foundation's

Vision

Our vision is to prepare our students to be global citizens by helping them progress holistically, there by aiding them to achieve their maximum potential in an engaging and challenging learning environment.

Mission

We at “The Happy Valley School” prepare our students to become 21st century citizens by providing them with meaningful learning experiences in a safe and secure environment. Our mission is to develop the intellectual, aesthetic, moral, physical, social and psychological potential of students

OUR CORE VALUES

Our guiding principles which make our children active beings, free thinkers and balanced individuals are

Integrity - I will stay true to myself and let honesty lead my way.

Responsibility- I am responsible for my actions.

Collaboration- I appreciate diversity in thought, belief and culture .

Service - I pledge to serve the community.

Persistence- I will never give up.

Kindness- I will be kind to everyone.

Conflict Resolution - I resolve every conflict while being empathetic and respectful towards my fellow beings

Message from the Principal

*“Learning is not the product of teaching.
Learning is the product of the activity of
learners.” -*

John Holt

Dear Students,

The academic year 2020-2021 was a year full of challenges and uncertainties, but I know that you are all strong enough to face it. We sincerely endeavour to make education a meaningful and an enjoyable experience for children. We are indeed a joyous and caring community with the common goals of nurturing responsible, caring students and promote high level learning.

Although we value academic success highly, we firmly believe that other qualities are equally important to be successful in life. Each pupil has the ability to achieve success in some area of life, given suitable guidance and encouragement.

We value highly the relationship we have with all our parents and regular communication between home and the school is essential to ensure a true learning partnership. This academic planner gives an overview of the syllabus and activities that will be conducted throughout the year. It has been formulated and designed to establish a clear sequence of learning milestones.

Looking forward to a fabulous year ahead!

Ms Priya Simon George
Principal

SCHOOL PROFILE

The Happy Valley School is a venture undertaken by The NR BALDOTA FOUNDATION. It was started to be a source of knowledge and upliftment of the society thus, providing a platform which is academically strong and can add on committed citizens to our great nation.

The school follows the syllabus provided by The Central Board Of Secondary Education, New Delhi. Our Affiliation number for any references to the CBSE Board IS 830862.

The school was established in a humble way catering to children in the close vicinity of the institution, today we cater to children from various states of India owing to the Central syllabus that can be followed in any state of India.

We have also upgraded to being a senior secondary school by beginning the 11th and 12th grades. With well qualified staff listing THVS looks forward to taking its learners to a bright and prosperous future.

Ways to Help Your Children with Schooling

- Talk and listen to your children.
- Praise and encourage your children.
Praise and recognition reinforce learning.
- Be patient with your children.
- Avoid comparing your children. Each child is unique.
- Set a bed time and stick to it.
- See that your children's school attendance is excellent.
- Make television your servant, not your master.
Children learn a lot from television –good and bad. Help them choose appropriate programs to watch.
- Read to your children.
- Give your children books as birthday or holiday gifts.
- Catch your child being good. A simple word or touch to let your children know you appreciate how good they are being will increase their desire to be good.

THE HAPPY VALLEY SCHOOL

Academic Planner Grade IV & V

2021-2022

N.R.Baldota Foundation's

Vision

Our vision is to prepare our students to be global citizens by helping them progress holistically, there by aiding them to achieve their maximum potential in an engaging and challenging learning environment.

Mission

We at “The Happy Valley School” prepare our students to become 21st century citizens by providing them with meaningful learning experiences in a safe and secure environment. Our mission is to develop the intellectual, aesthetic, moral, physical, social and psychological potential of students

OUR CORE VALUES

Our guiding principles which make our children active beings, free thinkers and balanced individuals are

Integrity - I will stay true to myself and let honesty lead my way.

Responsibility- I am responsible for my actions.

Collaboration- I appreciate diversity in thought, belief and culture .

Service - I pledge to serve the community.

Persistence- I will never give up.

Kindness- I will be kind to everyone.

Conflict Resolution - I resolve every conflict while being empathetic and respectful towards my fellow beings

Message from the Principal

*“Learning is not the product of teaching.
Learning is the product of the activity of
learners.” -*

John Holt

Dear Students,

The academic year 2020-2021 was a year full of challenges and uncertainties, but I know that you are all strong enough to face it. We sincerely endeavour to make education a meaningful and an enjoyable experience for children. We are indeed a joyous and caring community with the common goals of nurturing responsible, caring students and promote high level learning.

Although we value academic success highly, we firmly believe that other qualities are equally important to be successful in life. Each pupil has the ability to achieve success in some area of life, given suitable guidance and encouragement.

We value highly the relationship we have with all our parents and regular communication between home and the school is essential to ensure a true learning partnership. This academic planner gives an overview of the syllabus and activities that will be conducted throughout the year. It has been formulated and designed to establish a clear sequence of learning milestones.

Looking forward to a fabulous year ahead!

Ms Priya Simon George
Principal

SCHOOL PROFILE

The Happy Valley School is a venture undertaken by The NR BALDOTA FOUNDATION. It was started to be a source of knowledge and upliftment of the society thus, providing a platform which is academically strong and can add on committed citizens to our great nation.

The school follows the syllabus provided by The Central Board Of Secondary Education, New Delhi. Our Affiliation number for any references to the CBSE Board IS 830862.

The school was established in a humble way catering to children in the close vicinity of the institution, today we cater to children from various states of India owing to the Central syllabus that can be followed in any state of India.

We have also upgraded to being a senior secondary school by beginning the 11th and 12th grades. With well qualified staff listing THVS looks forward to taking its learners to a bright and prosperous future.

Ways to Help Your Children with Schooling

- Talk and listen to your children.
- Praise and encourage your children.
Praise and recognition reinforce learning.
- Be patient with your children.
- Avoid comparing your children. Each child is unique.
- Set a bed time and stick to it.
- See that your children's school attendance is excellent.
- Make television your servant, not your master.
Children learn a lot from television –good and bad. Help them choose appropriate programs to watch.
- Read to your children.
- Give your children books as birthday or holiday gifts.
- Catch your child being good. A simple word or touch to let your children know you appreciate how good they are being will increase their desire to be good.

THE HAPPY VALLEY SCHOOL

Academic Planner Grade VI, VII & VIII

2021-2022

N.R.Baldota Foundation's

Vision

Our vision is to prepare our students to be global citizens by helping them progress holistically, there by aiding them to achieve their maximum potential in an engaging and challenging learning environment.

Mission

We at “The Happy Valley School” prepare our students to become 21st century citizens by providing them with meaningful learning experiences in a safe and secure environment. Our mission is to develop the intellectual, aesthetic, moral, physical, social and psychological potential of students

OUR CORE VALUES

Our guiding principles which make our children active beings, free thinkers and balanced individuals are

Integrity - I will stay true to myself and let honesty lead my way.

Responsibility- I am responsible for my actions.

Collaboration- I appreciate diversity in thought, belief and culture .

Service - I pledge to serve the community.

Persistence- I will never give up.

Kindness- I will be kind to everyone.

Conflict Resolution - I resolve every conflict while being empathetic and respectful towards my fellow beings.

Message from the Principal

*"Learning is not the product of teaching.
Learning is the product of the activity of
learners." -*

John Holt

Dear Students,

The academic year 2020-2021 was a year full of challenges and uncertainties, but I know that you are all strong enough to face it. We sincerely endeavour to make education a meaningful and an enjoyable experience for children. We are indeed a joyous and caring community with common goals of nurturing responsible, caring students and promote high level learning.

Although we value academic success highly, we firmly believe that other qualities are equally important to be successful in life. Each pupil has the ability to achieve success in some area of life, given suitable guidance and encouragement.

We value highly the relationship we have with all our parents and regular communication between home and the school is essential to ensure a true learning partnership. This academic planner gives an overview of the syllabus and activities that will be conducted throughout the year. It has been formulated and designed to establish a clear sequence of learning milestones.

Looking forward to a fabulous year ahead!

Ms Priya Simon George
Principal

SCHOOL PROFILE

The Happy Valley School is a venture undertaken by The NR BALDOTA FOUNDATION. It was started to be a source of knowledge and upliftment of the society thus, providing a platform which is academically strong and can add on committed citizens to our great nation.

The school follows the syllabus provided by The Central Board Of Secondary Education, New Delhi. Our Affiliation number for any references to the CBSE Board IS 830862.

The school was established in a humble way catering to children in the close vicinity of the institution, today we cater to children from various states of India owing to the Central syllabus that can be followed in any state of India.

We have also upgraded to being a Senior Secondary School by beginning the 11th and 12th grades. With a well qualified staff listing, THVS looks forward to taking its learners to a bright and prosperous future.

Ways to Help Your Children with Schooling

- Talk and listen to your children.
- Praise and encourage your children.
Praise and recognition thus reinforcing learning.
- Be patient with your children.
- Avoid comparing your children. Each child is unique.
- Set a bed time and stick to it.
- See that your children's school attendance is excellent.
- Make television your servant, not your master.
Children learn a lot from television –good and bad. Help them choose appropriate programs to watch.
- Read to your children.
- Give your children books as birthday or holiday gifts.
- Catch your child being good. A simple word or touch to let your children know you appreciate them, will boost their morale.
